Election of United States Senators.

It appears from the *Congressional Globe,* that the House of Representatives on the 23d of July passed without amendment the Senate bill to regulate the time and manner of electing United States Senators. Nothing having been stated to the contrary, it is presumed that the bill has become a law by the President's signature. It reads as follows:

Be it enacted, &c., That the Legislature of each State which shall be chosen next preceding the expiration of the term for which any Senator was elected to represent said State in Congress, shall, on the second Tuesday after the meeting and organization thereof, proceed to elect a Senator in Congress, in the place of such Senator so going out of office, in the following manner: Each House shall openly, by a viva voce vote of each member present, name one person for Senator in Congress from said State, and the name of the person so voted for, who shall have a majority of the whole number of votes cast in each House, shall be entered on the journal of each House by the Clerk or Secretary thereof; but if either House shall fail to give such majority to any person on said day, that fact shall be entered on the journal. At 12 o'clock, meridian, of the day following that on which the proceedings are required to take place, as aforesaid, the members of the two Houses shall convene in joint assembly, and the Journal of each House shall then be read, and if the same person shall have received a majority of all the votes in each House, such person shall be declared duly elected Senator to represent said State in the Congress of the United States; but if the same person shall not have received a majority of the votes in each House, or if either House shall have failed to take proceedings as required by the Act, the joint assembly shall then proceed to choose, by a viva voce vote of each member present, a person for the purpose aforesaid, and the person having a majority of all the votes of the said joint assembly, a majority of all the members elected to both Houses being present and voting, shall be declared duly elected; and in case no person shall receive such majority on the first day, the joint assembly shall meet at 12 o'clock meridian of each succeeding day during the session of the Legislature, and take at least one vote until a Senator shall be elected.

SEC. 2. And be it further enacted, That whenever, on the meeting of the Legislature of any State, a vacancy shall exist in the representation of such State in the Senate of the United States, said Legislature shall proceed, on the second Tuesday after the commencement and organization of its session, to elect a person to fill such vacancy, in the manner hereinbefore provided for the election of a Senator for a full term; and if a vacancy shall happen during the session of the Legislature, then on the second Tuesday after the Legislature shall have been organized and shall have notice of such vacancy.

SEC. 3. And be it further enacted, That it shall be the duty of the Governor of the State from which any Senator shall have been chosen as aforesaid to certify his election, under the seal of the State, to the President of the Senate of the United States, which certificate shall be countersigned by the Secretary of State of the State.

The poor old misanthrope of the *Herald* solemnly assures everybody that he never drew any obleutations from any source whatever. We "draw the inference," therefore, that he is the same poor unfortunate alluded to in Lycidas, who was fated

"To scorn *delights,* and live laborious days"

OFFICIAL PAPER OF THE STATE

TUESDAY MORNING, AUGUST 28 1866

Convention of Southern Unionists.

The following dispatch was yesterday forwarded to Washington

PORTLAND Oregon, August 27th, 1866.

To Hon GEO H WILLIAMS Washington H W Eddy C R Meigs A M Starr and yourself are appointed delegates to the Convention of Southern Unionists at Philadelphia Assure them of the sympathy and support of Oregon

By order of the Union State Central Committee

J N DOLPH Chairman

The telegraph advises us that delegations are being named to represent all the loyal States in this Convention The South will be represented by the tried and true patriots of that section, and the Convention will therefore be fully *National* in its character Not only will it contain representatives from every State, North and South, but these representatives will be men of undoubted loyalty and approved fidelity to the country The delegations from the South will not be composed of men who traitorously fought for years to overturn the Government, but now profess "to accept the situation" that they may accomplish "by guile and fraud what force effected not," The delegations from the North will not be composed of that class who are now shouting that the republic is in danger, but who never discovered this fact until the Union party had rescued it. The Convention will not be managed by a set of mushroom patriots who never cried "down with traitors!" until Lee's army had surrendered The representatives of the true Union party in every State will present, and the Convention will be a Convention representing that great body of Northern and Southern Unionists to whom we are indebted for national prestige, national unity, and the promise of future peace, prosperity and greatness.

The Union State Central Committee has done a very proper thing in appointing delegates to represent this State in the Union Convention at Philadelphia In pledging the sympathy and support of the Union party of Oregon to this movement, the Committee does but give expression to the sentiments of the Union men of the State. The patriotic millions who fought four bloody years to save the country, spurn the Convention which assembled at Philadelphia the other day to barter away the fruits of our dearly bought triumph. Let us rejoice that there is to be a *Union* Convention at Philadelphia, composed of loyal men.

Medical and Surgical History of the War

Some months ago we published a somewhat extended account of the great forthcoming work on the Medical and Surgical History of the Rebellion. This history is being prepared from materials in the Surgeon General's office, and will shortly be published It cannot fail to be a most valuable acquisition to medical science, as it will embody an almost endless variety of scientific information, derived from the experience of the medical department during the great war. A circular has been sent us from the Medical Director's office of the Department of Columbia, containing extracts from letters received by Surgeon General Barnes from many of the principal medical men of Europe warmly commending the purpose of the work, and expressing their desire for its speedy publication. The Medical Inspector of the French Army writes: "Government as well as science may greatly profit by your important labors, inspired as they are by the largest experience of war which has ever been acquired." A distinguished Professor of Surgery in the University of Berlin writes: "My sincerest thanks are due to Surgeon General Barnes, U.S.A., for the transmission of the reports on the Medical and Surgical History of the Rebellion, which are of the [illegible] scientific value, and the results of which I will not fail to make known in German Surgical Literature."

The work is being compiled under the superintendence of Surgeon General Barnes, and the whole will be published at an early day.

THE PROOF.—We have often said that the Democratic party had gone to pieces. The one-horse nincompoop editors of Democratic newspapers in Oregon have [illegible] it. The *Old Guard* which is confessedly the oracle of the party—if there be any such party—in its August number, in an article under the head, "How the Democratic party fell to pieces," says:

> Like the Old Whig party, the Democratic party split and [illegible] to pieces upon the [illegible]. It was held together by the cohesive power of public plunder (mark the word) for one or two Presidential terms, after it had [illegible] to be a great national party.

A denial of what the *Old Guard* says above, will not look well, especially, from the *Herald*, when it is remembered that that paper for a long time "dead headed" a puffo-laudatory advertisement of the *Old Guard*.

There is another point upon which we wish to set the Democratic editors of Oregon, right. They are latterly making *professions* of loyalty, which is all a mistake and anti-Democratic—as witness the *Old Guard* again of August, as follows:

> We [illegible] there [illegible] held at [illegible] point this fall, a general convention of [illegible] the old Democracy of all the States. At this convention the time-honored principles of the Democracy should be reaffirmed in language that means something. There should be no uncertain sound; *nor should there be any compromise with this casual abomination called "Loyalty."*

No poor mendicant ever begged more piteously for wherewithal to satisfy his hunger, than the editor of the Walla Walla *Statesman* begs for a loaf of Johnson bread and a dish of Johnson butter. It is actually distressing to hear him. Why don't Randall come to his relief with an offer of the Walla Walla Postoffice? Fountain of pity and of everlasting justice, are these things to go on,—and shall merit never have its reward!

Oregon's delegate in the Philadelphia Convention—Wm H Farrar—was well known here as "Slippery Bill." Nobody [illegible] him to the Convention and the probability is that he *slipped* in. If Johnson [illegible] him as slippery and unreliable as all parties here did, he will have found his *match*—exactly.

"Tony" of the *Review* is the only Democrat we know of who is positively "down on" Nesmith. A little soft butter from Johnson's dairy, judiciously applied to "Tony's" stubborn head will set him to shouting in chorus with the *Houseiser*, *Herald* and *Str*[illegible] for Nesmith's re-election.

It is supposed that the butter with which Johnson feeds his flatterers and parasites is churned from the milk of human kindness which he is known to have in abundance—for every traitor who has been in rebellion.

Over one hundred thousand whites are receiving rations from the Freedmen's Bureau in Alabama. One hundred thousand of the "chivalry" eating with "niggers!" Looks disgustingly like "social equality."

NOT THE TERM.—Referring to the dissolution of Johnson's Cabinet, the New York *Independent* says "The pitcher is broken at the fountain." The *Flag* rather guesses it was the jug at the grocery.

> Great enthusiasm prevailed among the Democracy of Polk at last accounts.—*Confederate Democrat.*

We have heard it called "tangle-foot," "dead shot," "nitro glycerine," etc., etc, but never before "enthusiasm"

Johnson couldn't use Speed in releasing Jeff Davis, and was both afraid and unwilling to use Speed in trying him. Speed was therefore dispensed with

Johnson is about to start on an electioneering tour through the Northern States. He may go in perfect security, as his political opponents are not the sort of men who perpetrate assassinations

We cannot get at all the particulars at [illegible] [illegible] that has happened in this town, and has thrown a deep gloom over our whole community. Known to be killed: S B Dodge, Agent, Col. Lewis, Arthur Thompson, Mr Levett, engineer. Seriously wounded Daniel Barton Mr Bicker Capt White of Newton, George Miller and Charles Yeomans Quite a number of others were slightly wounded For tunately none who were in the cars were injured, only those standing on the platform of the depot and in the baggage car There were many very narrow escapes The cause of the explosion is now being investigated

SAN FRANCISCO, Aug. 27 —A silk factory has been started in this city which will furnish two pieces of black dress silk to exhibit next month at the fair

E. W F. Sloan, a distinguished member of the San Francisco bar died in this city Saturday last, at the age of 55 years He has been a resident of this city since 1851 He was a native of South Carolina

The Ancient River Channel Blue Gravel Company has filed its certificate of incorporation. The company's claim is located in Nevada county. Capital stock $5,000,000

Dates from Mazatlan August 17th, say: Since the beginning of the month the armies have been at rest, a small action between Corona s forces and part of our garrison being the last *fete d'armes* between the contending parties No fear is entertained that any other demonstration will take place, since every one knows that the Pacific States will soon be evacuated by their garrisons, and that the Liberals will then have it all their own way Orders have already been given to collect a number of mules at San Blas to transport the stores and ammunitions of the Sixty Second regiment thence into the interior, and the vessels are in readiness to take all the French troops to that port, though the lower classes of our population rejoice at the change which is going to take place Many families, and particularly the foreign residents, do not feel at all comfortable, as the fate of La Noria, Hermosillo Alamos, Santiago, and other cities is too fresh in our minds not to fear the lawless proclivities of the so-called Liberal army which cares more for spoils than glory On the 15th inst a feeble effort was made to celebrate Napoleon s day, but the Te Deum was [illegible] and the fire-works were a poor affair—all the Mexicans kept out of the way for fear of compromising themselves The news from Sonora is favorable to the Imperial cause, Alamos being reconquered by Tanauri and his brave Indians, but this will make no change in the politics of the country, and I am positively assured that not only the French garrison of Guaymas has received orders to leave in October for San Blas, but that also the State of Durango will be given up to Juarez as soon as the rainy season is over In Lower California nothing of importance has occurred Navarrete is the actual Governor and will remain so undisturbed, since he banished Navarro and others who tried to oppose him

[illegible] AND POINTS.—Under the above head, the [illegible] of Saturday says: In the Common Council, on [illegible] evening last, "the committee on health and [illegible] reported favorable to the repeal of the Ordinance [illegible] been adopted, a short time since, which abol[illegible] those drinking shops, carried on by liquor dealers [illegible] Reflecting and observing men believed [illegible] separation of prostitutes from whisky dens would [illegible] to close out many of those fruitful sources of vice and crime. The interested parties, as was expected, re[illegible] and prayed for a repeal of the Ordinance. And now to the utter amazement of the virtuous and [illegible] citizens of this city, an Ordinance for the repeal of the former act is reported. It is recommended, [illegible] by the committee whose duty it is to exercise a proper care for the *health* and *police* of the city. The thing looks like a farce—an act of grim humor! Let the reader just think for a moment: Low drinking shops, in which vile and shameless women congregate to decoy [illegible] thoughtless and ignorant lads as well as [illegible] places regarded as essential to the *health* of the city! Night revels; whisky guzzling; beastly ex[illegible] of the vilest character; whole nights of debauchery, [illegible] to *health*! have not the committee so reported? [illegible] too, are judged necessary for the quiet and good order of the city! For the committee on "police" favor the repeal! Can it be possible that such [illegible] is made in candor? Every sensible man [illegible] and every honest and candid man will admit, that, but for the liquor shops and brothels that flourish [illegible] peace, quiet and good order would abound. Who is ever [illegible] before the city Recorder, but the patrons of the [illegible] and the brothel? But the [illegible] which the Council propose to repeal, does [illegible] the liquor traffic; the trade is not touched, [illegible] are separated from saloons and bars. The baits of vice are partly removed; the decoy is put out of sight; the [illegible] and lascivious language and behavior [illegible] by separating women from those [illegible] But the effort is made to restore [illegible] them in the whisky business. STATE ITEMS.

The stage fare from Dalles to Canyon City has been reduced to $30, and from Canyon City to the Dalles, to $25.

Quincy A. Brooks, Postal Agent, arrived in this city on Sunday evening, overland. He is on business connected with the postal service.

Advices from Canyon City state that the miners are doing well, taking out a good deal of dust. The shipment thence to Dalles, by Wells, Fargo & Co. by the last stage, was the heaviest of the season.

One day last week four Indians were seen very near the road at A. Clark's bridge, on John Day's river. The stage company's hostler was just in time to prevent the company's horses being stolen. Indian signs are constantly seen near the road.

Col. O'Byrne arrived with his command at Camp Watson on the morning of the 22d. A letter from that post says: "The camp is being improved very much; new buildings are being put up all around and things indicate that the post is to be a permanent institution."

News from the Indian Agency at Warm Springs is of a very encouraging nature. Dr. McKay says that the Agency farms were never in as good a state of cultivation as now, and that the crops are the best and heaviest ever produced on the Reservation; and that undoubtedly the Reservation will be self-sustaining this year, which never happened before.

The body found Friday evening in the Columbia, at the mouth of Hood river, concerning which we had an item yesterday morning, was that of the young man White, who fell overboard from a wood boat at the Dalles on Sunday, the 19th. The Coroner's inquest found that death resulted from scalding on the head, and not from drowning, as at first reported. It appears that the bucket of water about which he and another man were quarreling, was scalding hot, and was thrown upon the unfortunate man's head, causing his death. Thomas Brown, the perpetrator of the deed, has absconded.

FROM BIG BEND.

The *Colonist* of Aug. 22d furnishes the following important news:

DISCOVERIES OF RICH QUARTZ.

From a merchant who left McCullough Creek on the 13th inst., we have most exciting Big Bend news.

Rich discoveries of gold bearing quartz have been made in the mountains adjoining McCullough Creek, by Charlie Smith, of Victoria, who is on his way down with specimens. The gold is plainly visible.

A vein of rotten quartz has been struck by Mr. Hicks of New Westminster, in the same range of mountains. The gold is easily separated from the quartz, by pounding. The whole country is excited over these important strikes, and a large number of miners are out prospecting.

BIG PROSPECTS FROM A TUNNEL CLAIM.

The Discovery Company, on McCullough Creek, have tunneled into the hill and got a prospect of $22 to a pan—gold coarse. $250 in nuggets—the [illegible] $1 50—have been picked from the bed-rock in the same claim. The tunnel is in 130 feet, and the company are confident that they will all realize fortunes.

GOOD NEWS FROM FRENCH CREEK.

The news is also good from French Creek. Back of the Shep. Bailey claim, a company working in the bench got a prospect of $10 from a few pans of dirt, in coarse gold. The whole bank has since been staked off by miners.

REDUCTION IN FREIGHT.

The *Forty-Nine* steamer was due on the 14th from Colville. Freight had been reduced from 10 to 7 cents per lb.

FROM KOOTENAY.

From Kootenay, it is reported that Mr. A. Stronach, of Victoria, has realized a large fortune from mining in the hill.

FROM WASHINGTON TERRITORY.

The following items are from the *Puget Sound Weekly* of Aug. 20th:

THE SEATTLE COAL MINES.

Messrs. Bagley, Whitworth, Ross, Lewis and Seattle have entered into an agreement, with each other and commenced vigorously to develop the Seattle coal mines and to furnish means and facilities for the transportation of coal to the town. If there is no mistake about the quality of these coal mines (and we are firmly convinced that there can be none), this is an important movement for the prosperity of Seattle and vicinity.

OPENING OF THE UNIVERSITY.

This institution reopens on the 10th prox., as will be seen by referring to our advertising columns. Arrangements have been made to admit the children of Seattle, who are not advanced beyond the primary branches, free of charge. This is a good arrangement, for Seattle is sadly in need of a free school.

THE STRIKE AT BELLINGHAM BAY.

The [illegible] intendent of the Bellingham Bay coal mine, on the morning of the 9th inst., called a meeting of the miners and gave them until one o'clock to determine whether to go to work or not. They decided not to go to work, so he discharged the whole of them, and, we learn, intends procuring an entire new lot of workmen. On Friday, many were anxious to go to work, and the wives of some begged of the Superintendent to allow their husbands to go to work, but he positively refused. The ship *Kentucky* having arrived at the mine for the [illegible] of receiving a cargo of coal and not being able to procure it, returned to Port Gamble.

FROM VICTORIA.

Files of the *Colonist* to the 23d, contain the subjoined items:

THE DOUGLAS DIGGINGS.

We were shown on Wednesday a sample (2½ ozs.) of gold from the new diggings on the Lillooet river, 24 miles out of Douglas. The gold was sent down by Mr. J. Franklin, and is fine flour gold, very similar in appearance to that [illegible] the bar [illegible] of the lower Fraser. We understand the few men who are at work are well [illegible] with the appearance of things. The miners are engaged in bringing in a ditch. The Hon. Mr. Brew has just shown us a letter from Chief C[illegible] White, in which the writer says, [illegible] these mines "there is no humbug at all about the gold. Fraser, Gowan and [illegible] are taking from four to six dollars per day from the [illegible] So says the [illegible]

A BOAT CAPSIZED [illegible]

A boat containing three persons capsized one day last week while [illegible] from Discovery Island to San Juan Island. The sloop *Ocean Queen*, which happened to be near and witnessed the mishap, fortunately rescued the men from their perilous condition, and, having [illegible] the boat, started them again on their adventurous voyage.

A MILL [illegible] EDEN AND WILSON.

Joe Eden has accepted the challenge put forward by George Wilson, the Cariboo Champion, and is prepared to fight him for any sum from $2,000 to $5,000 a side, within six months from first deposit. By lending articles and a deposit of $50 to the Red Lion, Government street, a match can be ensured; and Joe wisely declares that whether he wins or loses, it shall be his last appearance in the P. R.

BRONCHITIS.—[illegible] Mr. C. H. Gardner, Principal of the Rutgers Female Institute, New York, May 14, 1866. "I have been afflicted with Bronchitis during the past winter, and found no relief until I found your Troches." "Brown's Bronchial Troches," or Cough Lozenges, give prompt relief in Coughs, Colds and Throat Diseases, and are for sale throughout the United States and most foreign countries.

THE LATEST STYLE OF FINE ART PICTURES.

The attention of the public is invited to the fact that JOSEPH BUCHTEL'S PIONEER GALLERY, corner of First and Morrison streets, Portland, Oregon, is the only place in this State where those beautiful SUN PEARLS are produced in a manner equal to the art in San Francisco, New York or European cities. Having employed the services of the best Operator upon the Pacific Coast, Mr. BAGNASCO POLICARPO, of Paris, late of San Francisco, the undersigned is better prepared than any other Gallery to furnish all styles of Pictures known to the Art. The public are respectfully invited to call and examine specimens, which will be sufficient to convince the most skeptical of the truth of the above statements. Critics are invited to call. S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try the celebrated

PLANTATION BITTERS,

Which are now recommended by the highest medical authorities, and warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure, and must supersede all other tonics where a healthy, gentle stimulant is required.

They purify, strengthen and invigorate.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach
They cure Dyspepsia and Constipation.
They cure Diarrhea and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.

They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya bark, wintergreen, sassafras, roots and herbs, all preserved in perfectly pure St. Croix rum. For particulars, see circulars and testimonials around each bottle.

Beware of impostors. Examine every bottle. See that it has our private U. S. Stamp unmutilated over the cork, with plantation scene, and our signature on a fine steel plate side label. See that our bottle is not refilled with spurious and deleterious stuff. Any person pretending to sell Plantation Bitters by the gallon or in Bulk, is an impostor. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. Law, and will be so prosecuted by us. We already have our eye on several parties re-filling our bottles, &c., who will [illegible] in getting themselves into close quarters. The demand for Drake's Plantation Bitters from ladies, clergymen, merchants, &c., is incredible. The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians, hotels, saloons, steamboats and country stores.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of it consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned, and also—

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorder or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step, his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor.—The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING, OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is a [illegible] remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females,

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.
